

Huntingdon County Arts for Healing

Our mission is to promote the well-being of individuals and families in our community. We do this by providing quality and accessible behavioral health and counseling services for children, adolescents, and their families. By providing a safe environment, children and adolescents can learn and grow through the freedom of personal and artistic expression.

This group is for children up to 18 years of age, who may have experienced trauma. We offer a safe and supportive environment for children to be creative and artistically expressive in a variety of modalities. The arts are a highly effective way for individuals to express their feelings without necessarily being verbal about them.

Evolution will have a monthly group for teens and a monthly group for kids. All meetings are our Evolution office-710 Mount Vernon Avenue, Suite 1, Huntingdon, PA 16652
