ALLIES is a group for LGBTQI youth, up to age 18 or until high school graduation. The groups are structured to achieve both a feeling of "safe space" with total respect for privacy and confidentiality. ALLIES is available to all local LGBTQI youth and their families. Monthly meetings will include fun activities, informational discussions, and opportunities for safe, healthy socialization. Group topics and focuses will be unique from meeting to meeting. Sensitivity towards the vulnerability of this growing population is key to creating the right environment for growth and development.
